

## 150-SERIES - TAMPER RESISTANT INDOOR MINI DOME

CM-159

CM-150

### DESCRIPTION

OpenEye's 150-Series dome cameras offer a compact camera with easy installation and a low price point. The tamper resistant dome comes with a Quick Install Adapter which allows for easy installation without screws or anchors, and is enforced with a high grade ultrasonically welded polycarbonate housing.

The 360 degree gimbal design offers the ultimate in flexibility and, with Backlight Compensation and Automatic White Balance, the 150-Series cameras work well in most security installations. The 150-Series dome offers complete integration with OpenEye's powerful DVR lineup.
